

Sennheiser Speakerphone Series

Desk phone & soft phone support

Sennheiser Speakerphone Series

- The Sennheiser Series of compact, portable speakerphones is designed to provide flexible conferencing solutions for business professionals.
- Literally plug in and talk, it is ideal for both personal and small group conferences.
- Streamlined styling, superb finish and a lightweight design signal high-end quality on the desk - or wherever you choose to make your office

Sennheiser 3.5mm to 2.5mm Adapter cable

- The new 3.5mm to 2.5mm Adapter cable is ideal for all users of Sennheiser Speakerphone Series SP 20, in combination with wireless DECT handsets
- The adapter cable is used to connect DECT and WLAN wireless handsets, equipped with a 2.5mm headset interface to the Sennheiser Speakerphone Series SP 20
